KENTUCKY EDUCATIONAL DEVELOPMENT CORPORATION'S
ADMINISTRATION OF ADULT EDUCATION GRANTS FROM THE COUNCIL ON POSTSECONDARY EDUCATION AND KENTUCKY ADULT EDUCATION
AS OF JUNE 30, 2005

EXECUTIVE SUMMARY

PURPOSE AND SCOPE

The Council on Postsecondary Education and Kentucky Adult Education (KYAE) selected the Kentucky Educational Development Corporation (local provider) for a limited scope performance audit of its administration of the Adult Education Grant for Greenup County. An on-site review was conducted April 27 through April 28, 2006 to address the following objectives:

- Reconcile student and faculty data electronically submitted to KYAE with the information retained by the local provider.
- Determine whether the local provider’s professional development activities comply with applicable professional development policies and procedures.
- Determine whether the local provider’s expenditures and costs comply with the terms of their grant agreement and reconcile to invoices submitted.
- Report internal control weaknesses identified during our audit that relate to the audit’s objectives.

To accomplish these objectives, the performance audit team reviewed the Policy and Procedure Manual for Kentucky Adult Education, as well as the provider’s grant proposal and final agreement with KYAE. During the on-site review, the audit team reviewed the provider’s accounting records (trial balance/general ledger), interviewed program administrators regarding internal controls related to the above grants, and tested samples of participant files, personnel files, and expenditure documentation for compliance with applicable requirements.

Below is the summary of findings:

RESULTS AND RECOMMENDATIONS

FINANCIAL REPORTING AND COMPLIANCE

Scope and Methodology

The KAE-10 Expenditure Reports were compared to the line item budget approved in the final agreement modification. This comparison was used to determine whether the provider’s reimbursements complied with the approved budget.

The KAE-10 Expenditure Reports were then compared to the internally generated financial records maintained by the local provider. This comparison was used to determine whether the local provider’s accounting records support the amounts requested for reimbursement on the KAE-10 Expenditure Reports.

Findings

No exceptions noted.
PARTICIPANT ELIGIBILITY AND RECORD KEEPING

Scope and Methodology

A total of sixty (60) participants were selected randomly from the electronic student data sent from KYAE and compared to the documentation maintained in the participant files. We examined the files for the following:

- Proper eligibility documentation.
- Proper assessment testing.
- Evidence to support the achievement of goals/objectives.
- Agreed the establishment and achievement of goals/objectives to the information reported to KYAE.
- Proper separation from the program when applicable.
- Other requirements were tested based upon the applicable program requirements.

The participants tested received services during the period of July 1, 2004 and June 30, 2005.

Findings

No exceptions noted.
PAYROLL AND STAFF REQUIREMENTS

Scope and Methodology

A sample of eleven (11) payroll disbursements was judgmentally selected for payroll testing. Personnel files were examined to verify that staff had received the required professional development training hours and had completed an Individual Professional Development Plan if applicable. Timesheets were examined for existence and approval. Personnel files were examined to verify evidence of the instructor’s bachelor’s degree. A determination was made as to whether the employee was included in the electronic staff listing per AERIN for fiscal year (FY) 2005.

Findings

CPE and KYAE require all instructors hired after July 1, 1998 to have a bachelor’s degree. One (1) employee’s file did not contain documentation of a bachelor’s degree even though the instructor’s date of hire was listed as October 1998.

CPE and KYAE rely on each provider to update its electronic staff listing to ensure complete and accurate information. One (1) employee was not included on the electronic staff listing per AERIN for FY 2005.

Recommendations

We recommend that employees’ files contain the proper evidence to support compliance with KYAE’s bachelor’s degree requirement when applicable.

We recommend that staff information be entered accurately and completely in KYAE’s electronic information system (AERIN). The provider should ensure that the employee’s status is listed as “active” in the information system. This should be done at the beginning of each year because during the close out period all staff are automatically coded as “inactive.”

Provider Response

The AE instructor in question was an instructor before the bachelor’s degree rule came into effect and was grandfathered in by KYAE at this time. It was our understanding at that time that this allowed her to be an instructor without having a bachelor’s degree. We have been unable to find documentation from KYAE on this.
All admin staff are now listed in the Aerin system. The admin asst had not been trained in Aerin and was not aware that administrative employees had to be enrolled.
PURCHASING/EXPENDITURE COMPLIANCE

Scope and Methodology

A sample of fifteen (15) expenditures was selected judgmentally from the detailed general ledger. These expenditures were tested for authorization/approval, supporting documentation, proper recording, and that it was an actual expense during the grant period of July 1, 2004 and June 30, 2005.

Findings

No exceptions noted.
PROFESSIONAL DEVELOPMENT REIMBURSEMENT COMPLIANCE

Scope and Methodology

Professional Development expenditures were tested for proper authorization, supporting documentation, and adherence to approved rates and reimbursement policies. A sample of seven (7) expenditures, representing over 20% of the total professional development expenditures, was selected judgmentally from the detailed general ledger.

Findings

No exceptions noted.
INTERNAL CONTROLS RELATING TO GRANT

Scope and Methodology

Kentucky Educational Development Corporation’s fiscal administrator was given an Internal Control Questionnaire regarding the controls in place for cash disbursements, bank reconciliations, revenue, expenditures, and payroll. The questionnaire was completed by the fiscal administrator and reviewed for any significant control deficiencies.

Findings

No significant control deficiencies noted.
