Independent Auditor's Report

Report on the Financial Statement

We have audited the accompanying Statement of Receipts, Disbursements, and Excess Fees - Regulatory Basis of the former Sheriff of Greenup County, Kentucky, for the year ended December 31, 2018, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting practices prescribed or permitted by the laws of Kentucky to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the *Audit Guide for County Fee Officials* issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The Honorable Robert W. Carpenter, Greenup County Judge/Executive
The Honorable Keith Cooper, Former Greenup County Sheriff
The Honorable Matt Smith, Greenup County Sheriff
Members of the Greenup County Fiscal Court

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the former Greenup County Sheriff on the basis of the accounting practices prescribed or permitted by the laws of Kentucky to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the former Greenup County Sheriff, as of December 31, 2018, or changes in financial position or cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the receipts, disbursements, and excess fees of the former Greenup County Sheriff for the year ended December 31, 2018, in accordance with the basis of accounting practices prescribed or permitted by the Commonwealth of Kentucky as described in Note 1.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2019, on our consideration of the former Greenup County Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the former Greenup County Sheriff's internal control over financial reporting and compliance.

The Honorable Robert W. Carpenter, Greenup County Judge/Executive
The Honorable Keith Cooper, Former Greenup County Sheriff
The Honorable Matt Smith, Greenup County Sheriff
Members of the Greenup County Fiscal Court

Other Reporting Required by *Government Auditing Standards* (Continued)

Based on the results of our audit, we have presented the accompanying Schedule of Findings and Responses, included herein, which discusses the following report comments:

- 2018-001 Disallowed Disbursements Totaling \$5,923 From The 2016, 2015, And 2014 Fee Accounts Were Not Repaid By The Former Sheriff
- 2018-002 Disallowed Disbursements Totaling \$32,994 From The 2016, 2015, And 2014 Special Enforcement Account Were Not Repaid By The Former Sheriff
- 2018-003 The Former Sheriff's Office Lacked Adequate Segregation Of Duties

Respectfully submitted,

GREENUP COUNTY
NOTES TO FINANCIAL STATEMENT

December 31, 2018

Note 1. Summary of Significant Accounting Policies

A. Fund Accounting

A fee official uses a fund to report on the results of operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fee official uses a fund for fees to account for activities for which the government desires periodic determination of the excess of receipts over disbursements to facilitate management control, accountability, and compliance with laws.

B. Basis of Accounting

KRS 64.820 directs the fiscal court to collect any amount, including excess fees, due from the sheriff as determined by the audit. KRS 134.192 requires the sheriff to settle excess fees with the fiscal court at the time he files his annual settlement with the fiscal court on or before September 1 of each year. KRS 64.830 requires an outgoing sheriff to settle excess fees with the fiscal court of his county by March 15 immediately following the expiration of his term of office.

The financial statement has been prepared on a regulatory basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. This basis demonstrates compliance with the laws of Kentucky and is a special purpose framework. Under this regulatory basis of accounting, receipts and disbursements are generally recognized when cash is received or disbursed, with the exception of accrual of the following items (not all-inclusive) at December 31 that may be included in the excess fees calculation:

- Interest receivable
- Collection on accounts due from others for 2018 services
- Reimbursements for 2018 activities
- Tax commissions due from December tax collections
- Payments due other governmental entities for payroll
- Payments due vendors for goods or services provided in 2018

The measurement focus of a fee official is upon excess fees. Remittance of excess fees is due to the county treasurer in the subsequent year.

C. Cash and Investments

KRS 66.480 authorizes the sheriff's office to invest in obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

Note 2. Employee Retirement System and Other Post-Employment Benefits

The sheriff's office has elected to participate, pursuant to KRS 78.530, in the County Employees Retirement System (CERS), which is administered by the Board of Trustees of the Kentucky Retirement Systems (KRS). This is a cost-sharing, multiple-employer, defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute.

Nonhazardous covered employees are required to contribute five percent of their salary to the plan. Nonhazardous covered employees who begin participation on or after September 1, 2008, are required to contribute six percent of their salary to be allocated as follows: five percent will go to the member's account and one percent will go to the KRS insurance fund.

In accordance with Senate Bill 2, signed by the Governor on April 4, 2013, plan members who began participating on or after January 1, 2014, were required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. Members in the plan contribute a set percentage of their salary each month to their own accounts. Nonhazardous covered employees contribute five percent of their annual creditable compensation. Nonhazardous members also contribute one percent to the health insurance fund which is not credited to the member's account and is not refundable. The employer contribution rate is set annually by the KRS Board of Directors based on an actuarial valuation. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. A member's account is credited with a four percent employer pay credit. The employer pay credit represents a portion of the employer contribution.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Nonhazardous employees who begin participation on or after September 1, 2008, must meet the rule of 87 (member's age plus years of service credit must equal 87, and the member must be a minimum of 57 years of age) or the member is age 65, with a minimum of 60 months service credit.

The county's contribution rate for nonhazardous employees was 19.18 percent for the first half of the year and 21.48 percent for the second half of the year.

Other Post-Employment Benefits (OPEB)

A. Health Insurance Coverage - Tier 1

CERS provides post-retirement health care coverage as follows:

For members participating prior to July 1, 2003, years of service and respective percentages of the maximum contribution are as follows:

20 or more	100%	0%
15-19	75%	25%
10-14	50%	50%
4-9	25%	75%
Less than 4	0%	100%

As a result of House Bill 290 (2004 General Assembly), medical insurance benefits are calculated differently for members who began participation on or after July 1, 2003. Once members reach a minimum vesting period of ten years, non-hazardous employees whose participation began on or after July 1, 2003, earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index.

Benefits are covered under KRS 161.714 with exception of COLA and retiree health benefits after July 2003.

B. Health Insurance Coverage - Tier 2 and Tier 3 - Nonhazardous

Once members reach a minimum vesting period of 15 years, earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually by 1.5 percent. This was established for Tier 2 members during the 2008 Special Legislative Session by House Bill 1. During the 2013 Legislative Session, Senate Bill 2 was enacted, creating Tier 3 benefits for members.

The monthly insurance benefit has been increased annually as a 1.5 percent cost of living adjustment (COLA) since July 2003 when the law changed. The annual increase is cumulative and continues to accrue after the member's retirement.

Tier 2 member benefits are covered by KRS 161.714 with exception of COLA and retiree health benefits after July 2003. Tier 3 members are not covered by the same provisions.

C. Cost of Living Adjustments - Tier 1

The 1996 General Assembly enacted an automatic cost of living adjustment (COLA) provision for all recipients of KRS benefits. During the 2008 Special Session, the General Assembly determined that each July beginning in 2009, retirees who have been receiving a retirement allowance for at least 12 months will receive an automatic COLA of 1.5 percent. The COLA is not a guaranteed benefit. If a retiree has been receiving a benefit for less than 12 months, and a COLA is provided, it will be prorated based on the number of months the recipient has been receiving a benefit.

Note 2. Employee Retirement System and Other Post-Employment Benefits (Continued)

D. Cost of Living Adjustments - Tier 2 and Tier 3

No COLA is given unless authorized by the legislature with specific criteria. To this point, no COLA has been authorized by the legislature for Tier 2 or Tier 3 members.

E. Death Benefit

If a retired member is receiving a monthly benefit based on at least 48 months of service credit, KRS will pay a \$5,000 death benefit payment to the beneficiary designated by the member specifically for this benefit. Members with multiple accounts are entitled to only one death benefit.

KRS Annual Financial Report and Proportionate Share Audit Report

KRS issues a publicly available annual financial report that includes financial statements and required supplementary information on CERS. This report may be obtained by writing the Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

KRS also issues proportionate share audit reports for both total pension liability and other post-employment benefits for CERS determined by actuarial valuation as well as each participating county's proportionate share. Both the Schedules of Employer Allocations and Pension Amounts by Employer and the Schedules of Employer Allocations and OPEB Amounts by Employer reports and the related actuarial tables are available online at <https://kyret.ky.gov>. The complete actuarial valuation report, including all actuarial assumptions and methods, is also available on the website or can be obtained as described in the paragraph above.

Note 3. Deposits

The former Greenup County Sheriff maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC) as required by KRS 66.480(1)(d). According to KRS 41.240, the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the sheriff and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the sheriff's deposits may not be returned. The former sheriff did not have a deposit policy for custodial credit risk but rather followed the requirements of KRS 66.480(1)(d) and KRS 41.240. As of December 31, 2018, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

Note 4. Special Enforcement Account

The former sheriff maintained a separate account that was used for drug enforcement activities and is not included in the financial statement. This account is funded through written court orders. The balance as of January 1, 2018, was \$67. Disbursements of \$67 were made during the year, leaving a balance of \$0 as of December 31, 2018. The account has been closed.

Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of The Financial
Statement Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Statement of Receipts, Disbursements, and Excess Fees - Regulatory Basis of the former Greenup County Sheriff for the year ended December 31, 2018, and the related notes to the financial statement and have issued our report thereon dated December 13, 2019. The former Greenup County Sheriff's financial statement is prepared on a regulatory basis of accounting, which demonstrates compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statement, we considered the former Greenup County Sheriff's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the former Greenup County Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the former Greenup County Sheriff's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings and Responses, we identified a certain deficiency in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and Responses as item 2018-003 to be a material weakness.

Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of The Financial
Statement Performed In Accordance With *Government Auditing Standards*
(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the former Greenup County Sheriff's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Responses as items 2018-001 and 2018-002.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND RESPONSES

THIS PAGE LEFT BLANK INTENTIONALLY

GREENUP COUNTY
KEITH COOPER, FORMER SHERIFF
SCHEDULE OF FINDINGS AND RESPONSES

For The Year Ended December 31, 2018

STATE LAWS AND REGULATIONS:

2018-001 Disallowed Disbursements Totaling \$5,923 From The 2016, 2015, And 2014 Fee Accounts Were Not Repaid By The Former Sheriff

This is a repeat finding and was reported in the prior year audit report as findings 2017-001. The former sheriff had disallowed disbursements in the fee accounts for the following years:

1. 2016 fee account totaling \$1,366 for the following items:
 - \$733 on satellite radio and interest charges which were not necessary for the operation of the sheriff's office
 - \$633 on hotel stay, parking fees and online purchases without supporting documentation
2. 2015 fee account totaling \$218 for the following items:
 - \$218 on satellite radio which was not necessary for the operation of the sheriff's office
3. 2014 fee account totaling \$4,339 for the following items:
 - \$114 on newspaper advertisements that were not necessary
 - \$4,225 on credit card purchases for hotel stays and online purchases without supporting documentation

These disallowed disbursements have not been repaid by the former sheriff. The result of these disallowed disbursements is misspent taxpayer funds and a reduction in the amount of excess fees paid to fiscal court. The former sheriff is responsible for repaying this amount personally. In Funk v. Milliken, 317 S.W.2d 499 (Ky. 1958), Kentucky's highest court reaffirmed the rule that county fee officials' expenditures of public funds will be allowed only if they are necessary, adequately documented, reasonable in amount, beneficial to the public, and not personal expenses. The former sheriff was made aware of these disallowed items in the prior audits, but so far has chosen not to repay the fee accounts from personal funds.

We recommend the former sheriff either personally reimburse the 2016 fee account \$1,366; the 2015 fee account \$218; and the 2014 fee account \$4,339, then pay these funds to fiscal court as additional excess fees due; or, personally reimburse fiscal court \$5,923 for the cumulative additional excess fees owed for these years. This finding will be referred to the Greenup County Attorney.

Former Sheriff's Response: The former sheriff did not provide a response.

2018-002 Disallowed Disbursements Totaling \$32,994 From The 2016, 2015, And 2014 Special Enforcement Account Were Not Repaid By The Former Sheriff

This is a repeat finding and was reported in the prior year audit report as finding 2017-002. The former sheriff had disallowed disbursements in the special enforcement account for the following audits:

1. 2016 special enforcement account totaling \$3,070 for the following items:
 - \$2,800 in cash withdrawals without supporting documentation
 - \$270 for bullet-proof vests without supporting documentation
2. 2015 special enforcement account totaling \$12,471 for the following items:
 - \$12,300 in cash withdrawals without supporting documentation
 - \$171 to an individual without supporting documentation

GREENUP COUNTY
 KEITH COOPER, FORMER SHERIFF
 SCHEDULE OF FINDINGS AND RESPONSES
 For The Year Ended December 31, 2018
 (Continued)

STATE LAWS AND REGULATIONS: (Continued)

2018-002 Disallowed Disbursements Totaling \$32,994 From The 2016, 2015, And 2014 Special Enforcement Account Were Not Repaid By The Former Sheriff (Continued)

3. 2014 special enforcement account totaling \$17,453 for the following items
- \$5,378 in forfeited funds not deposited to the account
 - \$9,000 in cash withdrawals without supporting documentation
 - \$3,000 to a car dealership without supporting documentation
 - \$75 to an individual without supporting documentation

These disallowed disbursements have not been repaid by the former sheriff. The result of these disallowed disbursements is a reduction of the funds available in the special enforcement account to use for law enforcement and drug prevention. The former sheriff is responsible for repaying this amount personally.

KRS 218A.420(4)(a) requires drug funds forfeited to the sheriff's office to be used for "direct law enforcement purposes." Also, KRS 134.160 requires the sheriff to keep an accurate account and maintain support of all moneys received and disbursed from his office. The former sheriff was aware of these disallowed items in prior audits, but so far has chosen not to repay the special enforcement account from personal funds.

We recommend the former sheriff personally reimburse the special enforcement account \$3,070 for 2016; \$12,471 for 2015; and \$17,453 for 2016, for a total of \$32,994. These funds should remain in the special enforcement account for use by the sheriff's office. This finding will be referred to the Greenup County Attorney.

Former Sheriff's Response: The former sheriff did not provide a response.

INTERNAL CONTROL - MATERIAL WEAKNESS:

2018-003 The Former Sheriff's Office Lacked Adequate Segregation Of Duties

This is a repeat finding and was included in the prior year audit report as finding 2017-004. The former sheriff's office lacked adequate segregation of duties. The former sheriff's bookkeeper collected payments from customers, prepared deposits, wrote checks, posted transactions to the receipts and disbursement ledgers, and prepared monthly and quarterly reports. The former sheriff or another employee did not document oversight of any of these activities. A lack of oversight could result in misappropriation of assets and inaccurate financial reporting to external agencies such as the Department for Local Government and the fiscal court. Errors could occur and not be detected. The segregation of duties over various accounting functions such as mail, preparing deposits, recording receipts and disbursements, and preparing monthly reports or the implementation of compensating controls is essential for providing protection from asset misappropriation and inaccurate financial reporting. Additionally, proper segregation of duties protects employees in the normal course of performing their daily responsibilities. The former sheriff indicated this was caused by a limited budget, which restricts the number of employees the sheriff can hire or delegate duties to. We recommend the sheriff's office segregate the duties involved in receiving cash, preparing deposits, writing checks, posting to ledgers, preparing monthly bank reconciliations, and comparing financial reports to ledgers. If this is not feasible, due to a limited budget, cross checking procedures could be implemented and documented by the individual performing the procedures.

Former Sheriff's Response: The former sheriff did not provide a response.
